

**HUSHON (UK) LTD**  
**LONDON RETAIL PROJECT**

---

# Major Retail Site London

*Hushon UK have recently supplied several Thermal Wheel Heat Recovery Air Handling Units, ranging from 4.0m<sup>3</sup>/s to 8.0m<sup>3</sup>/s, for a new retail development in London, due to a crane restriction around the site, each AHU had to be flat packed and then rebuilt on the roof.*

*Working very closely with the mechanical contractor, the Hushon rebuild team had to strip the thermal wheels into segments and reassemble them back together at the side of each unit, before sliding them into position, we were able to complete the whole rebuild within just two weeks.*

For further information on our full range of Air Conditioning & Ventilation equipment, please contact our sales office on 023 92 324 335 or email [sales@hushonuk.co.uk](mailto:sales@hushonuk.co.uk) or visit our web site, [www.hushonuk.co.uk](http://www.hushonuk.co.uk)
